    Reimbursements are charged against the plan's calendar year benefit limit in the year in which the reimbursement is made, not in the year in which the course or courses were approved or completed. Reimbursement for eligible expenses will be made as soon as administratively possible.

    Requests for reimbursement must be submitted through a Tuition Reimbursement Request in MyOshkosh no later than six months from the completion of the course. Unless the team member is legally incapacitated, requests for reimbursement made more than six months after the completion of the course will not be covered.

7. Upon completion of each semester, the team member shall submit the Tuition Reimbursement Request through MyOshkosh, along with a copy of the applicable grade and receipts for expenses incurred. The Company will then reimburse the team member the applicable percentage of the cost of tuition. Textbooks and software will be reimbursed based on the grade received up to a maximum of $100 per approved course. Team members who take courses at the specific request or direction of management may be reimbursed for costs in advance; the annual limits noted below in #8 will still apply.

8. The maximum calendar year amount that one individual may receive in educational assistance on a tax-free basis is $5,250. An additional $4,750 per calendar year will be provided on a taxable basis to the team member for a maximum calendar year reimbursement of up to $10,000.

9. The tuition reimbursement program is to assist team members with out-of-pocket costs associated with pursing a GED, trade accreditation or degree; grants, scholarships, credits, or discounts received by the team member for their tuition costs may reduce the Company's reimbursement to the team member. The intended use of grant funds will be reviewed prior to any reduction in reimbursement. However, any deduction applied does not decrease the $5,250 non-tax and $4,750 taxable maximum reimbursements a team member is eligible to receive within a calendar year.

10. A team member, who is terminated during enrollment because of a reduction in force or elimination of the job, or who is unable to complete the course because of a transfer within the Company, will be reimbursed for the full amount of the cost as long as the costs do not exceed the annual calendar year limits outlined in #8 above.

11. A team member who voluntarily leaves the Company or is terminated for cause before completing a course, will not be reimbursed for the expenses associated with the course.

12. Team members participating in the on-site Penn State University program are eligible to receive reimbursement for their courses at the beginning of the semester. All other provisions in this policy apply to this program.
